BIO

Freda has dedicated her working life to the craft of filmmaking. In recent years, she has been working as a Production Designer for short films, Art Director and Property Master on feature films and commercials.

Freda values open and professional communication, dedicated and nimble mindset at work and readiness to adapt whenever necessary.

Throughout 6 years of working in commercial and film, she has learned that learning never ends. She takes on every new project with enthusiasm and a chance to create something meaningful with inspiring people.
